## Solid Wood Beauty

CaféCountertops make a difference in every application! All of our handcrafted countertops are created using traditional Olde World craftsmanship, from initial construction to our beautiful hand-rubbed oil finish. Select from at least 20 species of the highest quality timber to design the perfect countertop for your home. Imported from Denmark, each piece is hand-sorted for superior color and grain variation. Premium solid wood countertops offer natural beauty and hygiene not inherent to other popular countertop materials. CaféCountertops are the perfect solution for an upscale, one-of-a-kind kitchen, bath, or bar area in your home.
